EDUCATION

The Bishop's Co-ed School (ICSE & ISC)

Class 10th (ICSE): 97.8% | Class 12th (ISC): 98.7%

Pune Institute of Computer Technology

B.E. in Information Technology with Honours in Artificial Intelligence and Machine Learning
CGPA: 9.37

WORK EXPERIENCE

Siemens Digital Industries Software India Pvt Ltd

June 2025 – July 2025

Student Intern

- Implemented PoC to migrate from Webpack to Rspack, improving build speed and lowering memory consumption.
- Evaluated tooling compatibility and improved developer experience in the build pipeline.

Enthralltech Private Limited

Oct 2024 – Feb 2025

Full Stack Web Developer Intern

- Built full-stack web apps using React, Tailwind CSS, TypeScript, GraphQL, Prisma, and PostgreSQL in a collaborative team environment.
- Improved API performance and UI responsiveness through code optimization and modular design.

Astraeus Next Gen Private Limited

Sept 2024 – Oct 2024

AI/ML Intern

- Integrated BERT and Whisper models into a distributed system for the Minerva project.
- Conducted image-focused data scraping to support ML workflows.

PROJECTS

Astrophel Aerospace – Full-Stack Web Application

Freelance Full-Stack Developer

- Designed, developed, and deployed a responsive company website with integrated admin dashboard for blog and form data management.
- Built end-to-end features using Next.js, Tailwind CSS, Node.js, and MongoDB, ensuring seamless frontend–backend communication.
- Led a small team of junior developers, managing code quality, task delegation, and development workflows.

Customer Churn Prediction

- Developed a churn prediction system using Logistic Regression, Random Forest, and LSTM, achieving effective classification of customer churn behaviour.
- Applied LSTM for sequential learning on customer data, enhancing the model's ability to capture temporal patterns in churn prediction.

SKILLS & TOOLS

Programming Languages: C++, Java, Python, JavaScript

Web Technologies: React, Node.js, Express.js, JWT Authentication, REST APIs, GraphQL

Databases: MongoDB, MySQL, PostgreSQL

Machine Learning / AI: Deep Learning, Neural Networks, Natural Language Processing (NLP)

DevOps / Tools: Docker, Git, GitHub, Postman, Visual Studio Code, Webpack, Rspack

EXTRA CURRICULAR

PICT DEBSOC

Content Head

- Led content creation and event promotion for DEBSOC, driving strong student participation.
- Managed publicity across platforms for debates and inter-college events.

PICT Social Media Cell

Content Head

- Created engaging content for various social media platforms of PICT.
- Coordinated with clubs and departments to promote campus events and initiatives.
